Surprised Retiring President.

A number of the members of the Mothers' Cacle secured a conveyance and went to the home of Mrs. Eugene Ogden, a mile south of Maryville Wednesday afternoon, to visit her awhile and present her a token of their appreciation of her work with the Circle as its president. Mrs. Ogden held the office of president for two yearor since the organization of the Circle but retired two weeks ago. She was unable to be present when the new officers were installed, so the members planned to spend the afternoon with her Wednesday, as a surprise for her detailing one of their number to go early to insure her being at home. To the Democrats of Polk Township

Felix Grundy, a candidate for the Democratic nomination for Collector of Polk township, since the time of the announcement of his candidacy, has been suffering from sickness, and by reason of that unable to make a vigorous personal canvass. His friends desire to say for him that he has always been a sterling Democrat, a splendid citizen, a man of clean, industrious habits, and deserving of a favorable consideration from his party. Never in the party's history has there been a time for the need of yeoman service but that Felix was in the front rank, exerting every honorable effort to bring about its success, and his friends believe that because of his efforts in the party and his splendid manhood and citizenship that he ought to be honored by receiving this nomination, and we confidently assert to the public that if he is nominated for the office of Collector at the primaries, to be held next Saturday, that we can insure his triumphant election, and from our knowledge of the man and his splendid qualifications, that he wil make an officer of whom the citizens of this township, irrespective of party, will be proud. We publish this to the public because of the unfortunate illness that he is suffering from at this time, which precludes a personal canvass of the citizens by him. This article is published by his friends without his knowledge. We say "Hurrah for Felix!" and appeal to the Democracy of this township to reward his years of party service by honoring him with this nomination. THE FRIENDS OF FELIX GRUNDY.

Many Hopkins people will remember the Rev. MAKES ROAD BONDS GOOD

Benefit Highway District Law Passes the Legislature.

BILL APPROVED BY LAWYERS.

part of the program of good roads legislation was enacted into law when the house passed a new benefit road district law. It already had passed the senate and now waits only Governor Major's signature to become effec-

The new law, it is expected, will become at once a valuable agency in the building of rock roads throughout the plan of the old benefit district law, by which farmers associate themselves together into a road district to improve their roads. The old law, however, proved ineffective. After some sixty districts had been organized and many of them had voted bonds, it was found impossible to sell the bonds.

The new law has been passed by tisement bond lawyers, who say they will approve of any bonds issued under it It is expected a number of rock road bond elections will be held over the state in the benefit districts soon to vote bonds under the new law.

Bill Bars Cigarettes.

The sale of cigarettes or the "makin's" is made a crime, subject to a year's jail sentence, under a bill the house passed. It also prohibits giving away of cigarettes under a similar penalty.

The Phelps bill, abolishing the office of railway and warehouse commission er and creating the office of warehous

inspector, was passed by the senate The senate passed the Kennedy bill making it a misdemeanor for any per son, firm or corporation to give away lunch in any place where intoxicatin liquors are sold. The bill goes to th governor now.

VOUNG men like our Sincerity and Dresswell Clothes The keen lines of the garments, well shaped to the figure,

the air of class that careful tailoring gives, are attention compelling. They are clothes that carry respect; up-to-the-minute in style, but without fripperies.

The best thing about them is the way they wear and keep their fresh appearance. After months of hard use you'll realize what we mean by deep-down tailoring, that builds the clothes right-not merely pressing them into temporary shape.
